EQUIP

thinking, living, & becoming like Jesus

2018-2019

NEWSONG HD
COMMUNITY. EQUIP. WORSHIP.

WHAT IS EQUIP?

We believe that our call is to “equip God’s people for works of service, so that the body of Christ may be built up” (Eph 4:12).

EQUIP is a discipleship training track that seeks to meet the growing hunger to more fully step into all that Jesus invites us to be and to do.

This weekly discipleship experience is designed to deepen your passion for God. It is for anyone from any church. It is a time of interactive teaching that draws from both the Word and the Spirit of God. Through worship, prayer, and community you will have space to engage with and practice what you are learning as you journey deeper into knowing who you are in Christ, and how to enter into his ministry and mission in the world.
